THOMAS M. WERNERT CENTER
FOR MENTAL HEALTH RECOVERY & SUPPORT

Member Handbook

Welcome New Member!

We are so glad you decided to join Thomas M. Wernert Center (TMWC). We are a safe and welcoming community for adults living with mental illness and other life challenges. Everyone who comes to TMWC is treated with dignity and respect. Much like a clubhouse, TMWC offers opportunities to socialize, receive support, obtain mental health and wellness education, engage in meaningful activities, and have fun.

TMWC exists to offer hope and encouragement through the power of peer support to those who live with mental illness. Those who work at TMWC have a deep understanding of what members are going through and are here to provide emotional support, education, and advocacy.

We believe the activities we offer are important and assist in a member's recovery efforts. A calendar of activities is published each month – you can find it in TMWC lobby, on our website at www.wernertcenter.org, and if you sign up for our newsletter, we can mail it to you.

Because you have voluntarily chosen to join TMWC, you can decide when you want to attend, what programs to participate in, and when you want to leave. We do ask that you check in and out at the front reception desk. This is required for TMWC to qualify for certain funding.

This handbook is created to provide you (and your family or legal guardian) with information on how to be a good member of TMWC. We have outlined some basic responsibilities, rules, and expectations we have of our members and ask that you follow them. If you have any questions after reviewing the handbook, please ask a TMWC employee. We are here to help.

Do You Know Someone Interested in Joining the Thomas M. Wernert Center?

You must be a TMWC member to participate in the many programs, services, and activities we offer. There are several criteria for becoming a member:

- You must be 18 years of age or older.
- Live in Lucas County, Ohio.
- Have a diagnosed mental illness and are receiving mental health services
- Be ready to begin or expand your mental health recovery.

If you, or someone you know, would like to learn more about becoming a member of TMWC, please contact Stacey at 419/242-3000, ext. 105 for more information or to schedule an appointment.

About the Thomas M. Wernert Center

TMWC is part of a broader community of mental health services in Lucas County. We are funded in part by the Mental Health and Recovery Services Board of Lucas County, private contributions, fundraising, and grants. It is important to note that TMWC is not a clinical agency; we do not have doctors, therapists, or community psychiatric supportive treatment providers. TMWC is certified by the Ohio Department of Mental Health & Addiction Services as a Consumer/Peer Operated Service. This certification means that as your peers, we have been where you are and know first-hand the challenges of living with mental health recovery and wellness.

Our Mission

To improve the quality of life for persons living with mental illness by offering hope and peer-driven programs which address recovery through education, advocacy and peer support.

Thomas M. Wernert

The Thomas M. Wernert Center is proudly named for a man who valued and advocated for the power of peer support in an individual's journey of mental health recovery.

For more than 30 years, Tom served as Executive Director of the Lucas County Mental Health Board, during which time he oversaw the creation of mental health centers and drug and alcohol recovery services for Lucas County residents.

Tom was also instrumental in establishing Hospice of Northwest Ohio, Rescue Mental Health Services and the Consumers Union of Lucas County, renamed the Thomas M. Wernert Center for Mental Health Recovery and Support in July 2004.

Tom was married to Rose Anne Wernert and together they had three children. He died in 1999.

About TMWC Employees

Many TMWC employees have personal experience with mental illness and recovery. As peers, we have been where you are and know first-hand the challenges of living with a mental illness. Peer support relationships are different from clinical relationships. They are based on mutual sharing of lived experience with mental illness. This best practice in mental health recovery is described as one peer sharing with another peer how they have been successful on their journey of recovery.

It is required that you provide 24-hour notice for rides to the center.

Members must contact the transportation office 24-hours in advance of each ride, both coming to TMWC and returning. (Subject to change due to special circumstances.)

Most activities at TMWC do not require members to spend money; however, there are snacks and beverages available from vending machines in the dining area.

How to be a Member in Good Standing at TMWC

You are encouraged to be an active participant in TMWC programs and activities. To ensure you receive the most benefits from the services we offer, we ask that you (along with your family or legal guardian or authorized representative if appropriate) become familiar with your responsibilities as a member.

Emergency Information

You must provide TMWC with accurate and complete information, including names of your treatment providers, medications, emergency contact names, and other matters relating to your mental and physical health. This information is confidential and is recorded on a member's Emergency Contact Form (ECF). We ask for this information in the event of an emergency. If 911 is called, we need to provide accurate information about you in order to assist with treatment.

Good Health

Eating right, getting exercise, taking prescribed medications, dental care, and regular visits to your doctor are all necessary to maintaining your health. If you have a cold or are sick, we ask that you stay home so you do not make others ill. If you are having a bad day, seek professional assistance – this may be a day you do not come to TMWC.

Good Hygiene

Personal hygiene is how you care for your body. This practice includes bathing, washing your hands, brushing your teeth, and more. Every day, you encounter millions of outside germs and viruses. They can linger on your body, and in some cases, they may make you sick. If you are sick, you may make others sick (see good health above).

Good Choices

Making good choices for yourself shows your inner strength. We support your right to make your own choices, however, if you are unsure of what those may be, please talk with one of the TMWC employees. We are here to work with you and to explain your options so that you are empowered to make an informed decision.

Mental illness affects mood, thought processes, or behavior and can happen to anyone at any time in their life. Mental illnesses are treatable.

Can I bring a service animal to TMWC?

No. TMWC has a 'no pets' policy. TMWC follows the guidelines set forth by the American Disabilities Act (ADA) to accommodate any member's service animal. Emotional support, comfort, companionship, or in-training service animals are not considered to be "service animals."

Can I be asked to leave TMWC?

Yes. There are a number of reasons you may be asked to leave TMWC. Many are outlined in this handbook. Some reasons include bullying, smoking, using profanity, stealing, disrespecting, or harassing others. It is also not acceptable to hit, grab, or feel on someone. Be sure to review this entire handbook so that you are aware of what is expected of you as a member of TMWC.
